[02.19.10](#)

I think I finally just made something that might not be confused as shit.
Also: Tiger Woods...if I were you I'd be wearing a helmet right now.

[02.18.10](#)

I've found that when I'm working at my computer and my hands get cold...it really helps to put on a scarf.

[02.17.10](#)

Dear Graphic Design:

You make me feel like a dip-shit asshole. I hope we can still be friends after the dust settles.

Sincerely & helplessly yours,
—Jarred

[02.16.10](#)

I propose a 28 hour day...Those four extra hours specifically being set aside for simply being aside.

[02.15.10](#)

Are you out there? Who are you? Can you relate to any of this?

[02.12.10](#)

Daniel Maw wrote this. Justine Ayres wrote this.

[02.11.10](#)

Driving to Chicago on a plan B-ish uh...whim.

[02.10.10](#)

Gotta have downtime to know what uptime feels like. Gotta have downtime to know what uptime feels like. Gotta have downtime to know what the uptime feels like.

[02.09.10](#)

Things just aren't considered messed up until somebody really important says they are...& I will never wear Speed Stick again. It's morning edition from NPR news...

[02.08.10](#)

Toast & coffee this morning... & housemate blew my mind last night by teaching me how to sew a button onto a jacket.

[02.05.10](#)

I'm just an idiot masquerading as a young professional.

[02.04.10](#)

Toyota is really just fighting terrorism by blowing up their cars before terrorists get the chance to. So give them a damn break. (No pun intended.)

[02.03.10](#)

Waiting for something heavy to just fly through my window & blow me up, *like real horror*

show.

[02.02.10](#)

Toyota expected to release new logo tag in wake of massive accelerator recall: Toyota, WFO.

[02.01.10](#)

You think you've got a handle on things, until one morning you wake up & notice the trash floating around in the vitreous humor of your left eye.

[01.29.10](#)

Don't you hate it when the most exciting part of your entire day happens at night during sleep?

[01.28.10](#)

Let's just drink instead.

[01.27.10](#)

Some people say the end of the world will come in 2012. I think that might be a little harsh; however...I do think the world as we know it will be re-named "Google" or "Apple." Maybe even "Gapple."

[01.26.10](#)

Tearing things up on accident is generally a lot easier than fixing them on purpose. Tearing things up on purpose generally just feels pretty good.

[01.25.10](#)

Tired enough to slow down time right now. It feels good.

[01.22.10](#)

It's very late & I feel the exact opposite of excellent.

[01.21.10](#)

Now rub your face & feel the eye sockets & cheek bone protrusions of your own skull—right underneath the skin.

[01.20.10](#)

Go outside, find a stick & walk with it in the sun for about two hours.

[01.19.10](#)

Sometimes I think we collectively care so much that nobody gives a shit.

[01.18.10](#)

I hate it & love it at the same time when the things I'm working on fail miserably. It's the whole mediocrity thing I'm really worried about...

[01.15.10](#)

People love to talk about bad things. I could have died a terrible death while I was writing this.

[01.14.10](#)

When I'm doing something right now, it means I could literally be doing anything else in this entire world except for what I am doing right now. Odds are I'm probably doing the wrong thing.

[01.13.10](#)

Google Algorithms bouncing off clogged Chinese information filters thought to spark deadly earthquake in Haiti.

[01.12.10](#)

Back in Knoxville & it feels like everything in my tiny universe has shifted about half an inch. Just enough to notice...

[01.11.10](#)

When it's late at night & I've been driving for twelve hours... Every exit on the interstate seems like a potential black hole.

[01.08.10](#)

Jay Leno: Conan is funnier than you. Please just stop. Your persistence reminds me of Hitler via World War Two, but even Hitler knew when it was time to throw in the towel.

[01.07.10](#)

I think it's hilarious when people tough talk about fixing unfixable things. Especially when they're wearign suits.

[01.06.10](#)

I just noticed that my mustard yellow chair is excellent. Maybe it's a double agent...Alert the CIA.

[01.05.10](#)

I wanted to talk about Yemen today...Then I thought about the "baby boomers" & the chain of events that occurred to actually bring that phrase into existence. It was a nation wide sexing that will probably never be matched again.

[01.04.10](#)

The United States introduces new air travel regulations...You are now required to show your wi-wi via the body scanner.

[01.01.10](#)

"O One O One One O." What the hell is that? The year of the Binary Tiger...

[12.31.09](#)

I can actually feel myself sitting here getting older & it's making me go a little crazy on the inside.

[12.30.09](#)

Being obliviously good at something is far more effective than being consciously good at it.

[12.29.09](#)

On occasion, I like to say something fairly smart & then promptly offset it by saying something incredibly stupid.

[12.28.09](#)

Somebody up and stole my week off...God Damn you, Einstein!

[12.20.09-12.27.09](#)

I'm taking this time to take some time...

[12.18.09](#)

I propose that we count collectively sucking as a form of unity. Good job people—we've met our sucking quota for the year.

[12.17.09](#)

We should ask Iran if they can launch a special Christmas test missile over America. This way, kids will in fact think Santa Claus really does exist.

[12.16.09](#)

Imagine 20 Frankensteins locked up in a semi-truck trailer sexting each other. Thanks, Alan.

[12.15.09](#)

Three things I have an insatiable need to make fun of & or be eternally pissed off at or about:

- 1) Small town cops (usually fat)
- 2) Fear mongering
- 3) People riding Segways
- I'd like to make an amendment for a fourth, please?
- 4) Celebrities that bitch about their privacy

[12.14.09](#)

Seems like the more I learn the more consciously ignorant I become. I call this the recently single young professional slightly discouraged & at odds with the world terminal degree seeking sensitive asshole paradox.

[12.11.09](#)

I had a dream last night in which George Bush & the CIA were involved. I was engaging in gang activity & someone with a mustache was shot via ricochet in the neck. Five hours & home.

[12.10.09](#)

1,100 miles is too far inside a car. Thanks for that, Modest Mouse

[12.09.09](#)

The sun is out this morning. Oh my...

[12.08.09](#)

I propose that we replace the official definition of “security” with references to “illusion” & “placebo.” Reports indicate that telling people something is secure does not stop people & things from unexpectedly blowing up.

[12.07.09](#)

On the 68th Anniversary of the Pearl Harbor attack... Scientists shoot an ice laser from the Copenhagen Climate Change Conference towards America to combat global warming. Reports from the U.S. indicate that it's fucking freezing outside right now.

[12.04.09](#)

For the cold hard months ahead—in this time of great economic stress: All new iPhone & iPod Touch models may also be used as hot plates.

[12.03.09](#)

Comcast purchases United States military—it will pull troops from the middle East & attack America. With super secret lasers... Obama hasn't found out about this yet either. He's going to be pissed.

[12.02.09](#)

The White House Party Crashers & Tiger Woods formally announced the removal of all U.S. combat troops from Afghanistan early this morning. Effective immediately. Obama still hasn't found out yet. He's going to be pissed.

[12.01.09](#)

Tiger Woods, the U.S. Armed Forces & the White House Party Crashers...what do they all have in common? They're all about to be knee deep in various types of shit.

[11.30.09](#)

Brief moments of simplicity elicit prolonged sessions of complexity.

[11.26.09](#)

"Thanksgiving prayer" made the top five list on google trends this morning...along with "Nutty Putty Cave."

[11.25.09](#)

I got an employee audit call in regards to my recent "FedEx office experience..." Robotic ball busting...what the fuck is that all about? Nobody trusts anymore.

[11.24.09](#)

I just opened up a file to work on a poster for a friend's band: Seconds after the file appears, one of their songs comes on—I have four of their songs shuffled at random in a 763 song play list...

[11.23.09](#)

Four more American soldiers die in Afghanistan this weekend. Meanwhile, back stateside

uncontrollable horny chaos ensues as...Two shit bombs were released into the atmosphere above America—covering the entire landscape with extremely lethal shit speckles. Sources of the shit bombs were traced to the releases of “Twilight New Moon” & Kris Allen’s post-American Idle album debut.

[11.20.09](#)

I have a proposal for a new American holiday weekend: We can call it the great American penny-fuck bonanza.

[11.19.09](#)

What? Did you say Kraft wants to buy Cadbury Chocolates? YESSSSS! Finally, we can have the much anticipated Velveetabury Egg! I just can’t wait to sink my teeth into one. Who knows, maybe Kraft can even get a contract with the Pentagon to distribute the Velveetabury as a form of MRE for American & British Soldiers.

[11.18.09](#)

Meddling in the affairs of others equates to...Blowing leaves with a leaf blower on a very windy Autumn day.

[11.17.09](#)

Carl Spackler (from Caddyshack) on the situation between China and Tibet:

“So, I tell them I’m a pro jock (caddy), and who do you think they give me? The Dalai Lama, himself. Twelfth son of the Lama. The flowing robes, the grace, bald... striking. So, I’m on the first tee with him. I give him the driver. He hauls off and whacks one —big hitter, the Lama—long, into a ten-thousand foot crevasse, right at the base of this glacier. Do you know what the Lama says? Gunga galunga... gunga, gunga-lagunga. So we finish the eighteenth and he’s gonna stiff me. And I say, ‘Hey, Lama, hey, how about a little something, you know, for the effort, you know.’ And he says, ‘Oh, uh, there won’t be any money, but when you die, on your deathbed, you will receive total consciousness.’

So I got that goin’ for me, which is nice.”

[11.16.09](#)

We’re about to find out if stupid can spread faster than H1N1. Can we please put Sarah Palin’s upcoming book behind “the Great Chinese Firewall?”

[11.13.09](#)

I heard the term “child bride” for the first time ever today. I also heard the term “09.11” for...uh...not the first time ever. NPR is all about balance, you know.

[11.12.09](#)

I have a solution for that whole Afghanistan / Pakistan thing... Instead of sending more troops, why don't we just send Mike Tyson's dumb ass in there with a real clown suit on?

[11.11.09](#)

Eleven Eleven coincides with Veteran's Day...Coincidence, or comprehensive government conspiracy???

[11.10.09](#)

Dear self...Big Bird & his cronies & are fucking heroes...

[11.09.09](#)

Dear United States Senate, You can't filibuster! Don't you realize that most of you are as old & fragile as Regis Philbin's shriveled testicles?

[11.06.09](#)

I think a mass move to Switzerland is in order...We could benefit from relative neutrality, good skiing & an awesome flag. For now, I'll just have to listen to “Strawberry Fields Forever” a few times.

[11.05.09](#)

Dear Adidas: Your business practice stinks more than my trash can filled with coffee grounds & fresh, tuna laden cat puke. *UCF guard Marcus Jordan (Michael Jordan's son), wore a pair of Air Jordans in an exhibition game. As a result, Adidas pulls their sponsorship contract for every athlete in the program. Just let him wear the damn shoes...all the other kids probably really enjoy wearing your shit. Meh...*

[11.04.09](#)

Ohhh lordie lord lordy lord lordish... More soldiers die today, & I fully realize (yet again) the intense, shit-tastic design of the Library of Congress web site.

[11.03.09](#)

Former Bosnian Serb leader Radovan Karadzic... Boycotts his own war crimes trial—most likely due to a bad hair day.

[11.02.09](#)

Afghanistan formally adopts official U.S. governmental policy of complete impotence.

[10.30.09](#)

Analysts say the recession is officially over: I say that people are probably just pumped about Halloween. Everything will suck again after it is over... but keep your heads up young buckaroos—there's always Thanksgiving & Christmas to look forward to!

[10.29.09](#)

They tell me in passing about war catastrophes & baseball...while I tend to my cat, Fuzz wanting in & out every five damn minutes. My grasp on human existence & mortality is incredibly dichotic right now.

[10.28.09](#)

When the hell are they going to realize...That people who can improvise will always be one step ahead of people that can engineer & talk about shit?

[10.27.09](#)

The news is the coldest, hardest mother fucker alive. Who else can be that much of a downer and still get people to come back for more day after day? My tiny, tiny little world can't take any more shaking right now.

[10.26.09](#)

Quoted from living & breathing at this very moment. 12: 14 A.M. CET—Borger, Texas.

Playa Lakes: Gems of the Plains. Just in case you ever wondered...Time flies in these parts, but nothing changes—it just gets older.

[10.22.09](#)

If I were there right now...I'd probably Pakmypantswithshitistan.

[10.21.09](#)

Riding in a plane reminds me that we are all ants.

[10.20.09](#)

Economists say value of the American dollar is falling faster than:

- 1) All of those Air Liners we sent to El Salvador for repairs
 - 2) Hamid Karzai's presidency in Afghanistan.
 - 3) Health care reform bill in congress
 - 4) The chances of ever (I mean ever) policing Iran—come on people...

Sometimes I just don't give a shit.

[10.12.09](#)

Dear Sichuan Tengzhong Heavy Industrial Machinery, Why the fuck did you buy HUMMER?

[10.09.09](#)

Obama wins the Nobel Peace Prize. Meanwhile, NASA crashes expensive shit into the moon on purpose & golf is now an Olympic sport.

[10.08.09](#)

Dear Taleban web developer(s): You are taking the idea of blogging to the extreme...

Unemployment rate rises to 9.8 % as David Letterman fucks his staff.

[10.01.09](#)

Political scientists say “Iran will be tough to negotiate with in meetings.” Thank you for that. You can get the fuck out of here now.

[09.30.09](#)

Huge ocean... tiny Island. Seems a bit unfair to me.
“Holy crap. Talk about a shitty day at the resort...We should have a meeting about it sometime soon.”

[09.29.09](#)

Let’s just have another fucking meeting about things & see where that gets us...

[09.28.09](#)

Iran, you should write a book on how easy it really is to do whatever the fuck you want. I would read that shit...

[09.25.09](#)

Iran, we just wanna squeeze your little Iranian cheeks with sanctions and tough talk.

[09.24.09](#)

New York City...this week’s epicenter of empty promises, broken hearts & soul-crushing meetings.

[09.17.09](#)

Who the hell needs a missile shield when we have Wilson & Baucus on our side?

[09.16.09](#)

We've rescued reporter Stephen Farrell from Afghanistan! At least two people were killed (Farrell's translator included) to make this message possible.

[09.08.09](#)

To hell with the middle east & the shit hole economy. There are more important things to worry about today...we can't let Obama infect our nation's youth with his infectious agenda of encouragement & motivation! Just who in the hell do you think you're messing with? This is America, god damn it!"

[09.07.09](#)

You know, it is an American holiday today. Our government is closed...sorry Palestine.
